

Get Maximum Value from Career Interest Testing

Featuring the Jackson Vocational Interest Survey (JVIS) and JVIS.COM

Free
Teletraining

Register¹ now for our
Free Teletraining Session:
"Effective JVIS Interpretation"
with Marc Verhoeve*

November 24, 2009
7:00 - 8:30 p.m. (EST)

Join Marc Verhoeve, author of the JVIS Applications Handbook, in the free Teletraining session "Effective JVIS Interpretation". Marc will be sharing his insights in the use of this powerful career-decisional tool.

- ⇒ A 90-minute Teletraining session.
- ⇒ Open to career practitioners around the world.
- ⇒ Participants will be provided with a PowerPoint-based tutorial that is accessible to registrants from our website.
- ⇒ Participants will have the opportunity to complete their own JVIS, and will receive a **10% discount** on their next JVIS or JVIS.COM order. (Please mention discount when ordering.)
- ⇒ Each Teletraining session will be limited to thirty (30) participants to allow opportunities for individual questions and discussion.

The **Jackson Vocational Interest Inventory** is a powerful tool for creating a true, statistically-accurate, multi-page "career roadmap", based on sophisticated research and standardization.

- ⇒ It provides a clear "career snapshot" of the respondent, linked to O*NET codes.
- ⇒ It provides a career path that most closely matches respondents' interests; and provides a definitive listing of appropriate college and university majors.
- ⇒ JVIS.com is a dynamic profile with hotlinks to professional and job-research websites.

Don't miss this valuable opportunity to share thoughts and insights into best practices in online career testing.

¹To register for our next **free** Teletraining session, please contact SIGMA with your name, phone number, and email address. Call 1-800-265-1285 or email CustomerService@JVIS.com.

***Marc Verhoeve**, M.Ed., is a secondary-school counseling head, private career practitioner, President of OSCA, Web journalist, Web course architect, author of the JVIS Applications Handbook, and a SIGMA Assessment Systems, Inc. cybertraining consultant.

What is JVIS.com?

- ⇒ Online counseling resource designed to save you time!
- ⇒ An assessment that helps direct students toward the careers and academic paths that they will most enjoy.
- ⇒ Suggestions, links, and information to focus career exploration.

What are people saying about JVIS.COM?

From C. Alchin, Guidance Counselor:

"We purchased JVIS on-line and I administer it to all the students in the course. I just wanted to let you know that both the students and I found the experience totally amazing and rewarding. I read thoroughly [the JVIS Applications Handbook by Marc Verhoeve] and found it very helpful and informative."

From Katharine Hansen of Quint Careers:

"The results are fantastic. I especially like the fact that it gives suggested college majors. I'll be updating my assessment review chart soon and expect to give the JVIS 4 Q's, the highest rating."

Take full advantage of the conveniences of the Internet!

- ⇒ The JVIS was designed to complement your counseling services.
- ⇒ The JVIS can be administered from any computer with Internet access. This frees up your time and your center's resources.
- ⇒ Results are available immediately to both you and the students.
- ⇒ It's simple to manage all of the students' data.
- ⇒ If a report is ever lost, a copy may be printed out at any time.

Quick Facts

- ⇒ The most technologically advanced assessment of its type, and one of the most carefully researched psychological assessments EVER created!
- ⇒ Over 600,000 people have received JVIS reports.
- ⇒ JVIS takes 40 minutes to complete. Shorter assessments have reduced validity & accuracy.
- ⇒ The 15 page, *personalized* report is available *immediately* upon completion of the JVIS.

Career and University Exploration Guides

- ⇒ Comprehensive guide to interpreting the JVIS report.
- ⇒ A wealth of help, information, resources, and links.
- ⇒ Advice on how to develop comprehensive educational plans and career paths.

About SIGMA Assessment Systems, Inc./Research Psychologists Press, Inc.

- ⇒ Helping testing professionals since 1967.
- ⇒ Founding member of the Association of Test Publishers.
- ⇒ Dr. Douglas Jackson (founder of SIGMA/RPP) was a former President of the American Psychological Association's Division of Measurement, Evaluation and Statistics and former Chair of APA's Committee on Psychological Tests and Assessments.
